**Subject:** FW: Status of September NPL Rules

Looks like the Sept NPL update is being delayed again. Now scheduled for 9/30. I'll keep you in the loop as we get closer as CFAC not being included with this update may prompt inquiries.

Rob

**Subject:** Status of September NPL Rules

Because we are still awaiting OMB concurrence, we will be unable to publish the NPL rules next week. This delay is not related to any issues associated with our NPL rules, but appears to be due to workload. We expect to receive concurrence within the next week or so.

The NPL rules are now being targeted for publication on September 30 with the press release issuance and web update on September 28.

Please let me know if you have any questions.
